

New brand name. Same trusted performance.

Dow Corning® brand products are now DOWSIL™ brand

In June 2016, Dow Corning became a wholly owned subsidiary of The Dow Chemical Company. Now, our proven silicone construction products are offered through Dow Performance Silicones, a global business unit of DowDuPont's Materials Science Division.

DOWSIL™ is the new product brand name for silicone-based building products from Dow High Performance Building, representing the combined power of Dow and Dow Corning.

What changes? What stays the same?

- Product branding changes will be phased in over the next year, with *Dow Corning®* brand silicone products for building and construction changing to the new DOWSIL™ brand
- New opportunities will be available for innovation and collaboration
- A new website featuring enhanced search and upgraded technical support capabilities

- Product formulations remain the same, and most material numbers and SKUs will not change
- Warranty coverage stays in place, with identical warranty terms
- Product descriptors (e.g., “Structural Glazing Sealant”) that are part of the product names today will remain unchanged
- Trusted silicone chemistries, features and product benefits continue, with the quality and innovation you’ve come to expect
